

CURRICULUM VITAE

**MITCHELL ALAN KLINE, MD**

700 Park Avenue  
New York N.Y. 10021  
212-517-6555

**EDUCATION:**

1985- M.D. University of Pennsylvania  
1981- B.A. University of Pennsylvania

**BOARD CERTIFICATION:**

1990- American Board of Dermatology  
2009- Elective Recertification

**ACADEMIC APPOINTMENTS:**

July 2001-Present Clinical Assistant Professor Weill NY Presbyterian Medical Center. Cornell University Medical School Faculty  
July 1990- July 2001 Clinical Instructor, New York Hospital-Cornell Medical Center

**TRAINING:**

July 1989-June 1990 Chief Resident in Dermatology  
Memorial Sloan-Kettering Cancer Center  
Rockefeller University Hospital  
New York Hospital- Cornell Medical Center

July 1987-July 1989 Resident in Dermatology, New York Hospital-Cornell University Medical Center

July 1985-July 1987 Resident in Internal Medicine, The Graduate Hospital, University of Pennsylvania

**LICENSURE:**

1987 New York State #169608  
1985 Penna. State MD-036835-E

**ORGANIZATIONAL MEMBERSHIPS:**

Chief Medical Officer DermSpectra- Appointment pending  
Melanoma Research Foundation, Humanitarian Award Recipient  
Healthright International, Board Member  
Whitehead Institute, MIT, Board of Associates  
Fellow, American Academy of Dermatology  
Dermatology Foundation, Leaders Circle  
Vice Chair, Dermatology Foundation

New York Academy of Sciences  
American Society for Dermatologic Surgery  
American Society for Mohs' Surgery  
Greater New York Dermatological Society  
American Medical Association  
New York Academy of Sciences  
Royal Society of Medicine  
New York State Department of Health - AIDS Institute-Guidelines of HIV Care  
Janssen Pharmaceuticals - Speakers Bureau  
American Cancer Society - Lecturer on Skin Cancer  
Medical Society- State of New York  
Medical Society- County of New York  
Children's Orchestra Society, Board Member  
Biotechnology Venture Capital  
Constellation Biosciences-Cambridge, MA  
Artificial Intelligence  
Dermtech-private equity support raised 2M capital before terminating 50% equity purchase agreement  
Lucid-provided 150K bridge funding during transition to new corporate structure Caliber ID  
Effell 5% equity of drug development for Tinea Unguim after conversion to successful cosmeceutical agent after a phase 2B study completion

#### **LECTURES:**

Grand Rounds New York Hospital  
New York Hospital, Queens  
Rockefeller University  
New York Hospital Clinical Faculty

#### **APPEARANCES:**

Cancer: Urgency to Emergency, HBO Documentary funded by The Milken Foundation  
Numerous Commercial Venues

#### **PUBLICATIONS:**

Kline, Mitchell A Dermatoscopic Diagnosis of Melanoma in *The melanocytic proliferations: a comprehensive textbook of pigmented lesions*/A. Neil Crowson, Cynthia M. Magro, Martin C. Mihm, Jr.-2<sup>nd</sup> ed.

Complete remission of widely metastatic melanoma with metronomic dose chemotherapy, oral magnolia extract, low dose IL-2, IV vitamin C, IV glutathione, topical sinecatechin and retinoic acid: A case report

Gaynor, Mitchell L., Gopalarathnam, Raajesh, Kline, Mitchell.

Cancer Strategies Journal Spring 2014 Volume 11, Issue 2

Magro CM, Crowson AN, Mihm MC, Kline M. De novo intraepidermal epithelioid melanocytic dysplasia: an emerging entity. *J Cut Pathol.* 2010 Aug;37(8):866-9

McNutt, N.S., Smoller, B.R., Kline, M.A., et al:

Angiocentric T-cell Lymphoma Associated with Human T-cell Lymphotropic Virus Type I Infection. *Arch Pathol Lab Med* 190: 170-175

Smoller, B.R., McNutt, N.S., Kline, M.A., Gray, M.H., Balin, A.K.: Xanthomatous Infiltrate of the Face. *J. Cutan Pathol.* 1989; 16: 277-280.

Shea, C.R., Kline, M.A., Lugo, J, McNutt, N.S.: Angiotropic Metastatic Malignant Melanoma. *Am. J. Dermatopathol* 17(1):58-62, 1995 Feb

NIH Investigator Grants for study of Vasogenic Cerebral Edema, Publications *J Neurosurg* 1983

Multicenter Study on inflammatory skin diseases from The International Confocal Working Group (ICWG): Specific confocal microscopy features and algorithmic method of diagnosis. *BJD-2015-2043.R2*

### **PRESENTATIONS:**

Wang JY, Kline M, Joshi K, Magro C. Innocuous-appearing dome-shaped papules on the trunk of an elderly woman revealed to be a new subtype of cutaneous monocytosis involving CD14+ myeloid dendritic cells. "Gross and Microscopic Symposium" at the American Academy of Dermatology (AAD) 2016 Annual Meeting, Washington, DC

### **RESEARCH:**

Investigator-Clinical trials for BV-ARAU (Bristol Myers-Squibb)

NIH Young Investigator Grant-Myelin Basic Protein in Hydrocephalus

Investigator-Efficacy of Pulsed Light Hair Removal (ESC)

Investigator-Efficacy of UVA with Oxisoralen Ultra in Psoriasis (ICN)

Principal Investigator-Reflectance Confocal Microscopy-a study of diagnostic sensitivity and Specificity for the diagnosis of Melanoma-NIH Funded

### **RESEARCH PROJECTS CONCEPTS and PROPOSALS:**

Thymine Dimer Formation in Irradiated Human Skin with and Without Use of Post Exposure Petrolatum. Inhibition by Ingestion of Polypodium Leucotomos

Analysis of Kaposi's Sarcoma for Human Herpesvirus DNA

High Resolution (100Mhz) transducer meta-analysis for cellular atypia and Malignant Melanoma

A novel vinca alkaloid with clinical activity against Malignant Melanoma

Prospective study of Invasive Malignant Melanoma treated with topical Vinca alkaloid prior to wide excision

Localization, characterization and incidence of Human Papillomavirus Serotypes 16 and 18 and E10 genomes in 100 consecutive breast specimens with infiltrating ductal carcinoma

Localization, characterization and incidence of Human Papillomavirus Serotypes 16 and 18 and E8 and E10 genomes in 100 consecutive lung specimens with squamous cell carcinoma

Treatment of carcinoma negative breast papillomas with Imiquimod

Longitudinal Assessment of Prevalence of Breast Carcinoma in Females vaccinated with Gardasil

Prevalence of Lung Carcinoma in Females followed longitudinally after gardasil Vaccine

Clinical improvement in Pulmonary Fibrosis with oral para-aminobenzoic acid

Presence of Prions in HIV infected persons

Reduction of Prions in HIV infected persons treated with protease inhibitors

Treatment of HIV infected persons with organic brain dysfunction and Prions with protease inhibitors

Treatment of Bovine Spongiform Encephalopathy with Protease Inhibitors

Direct Virocidal activity of Protease Inhibitors against Human Herpesvirus-8 and HSV

Serum Analysis of DNA by Retroviral Microarray Chip in MS ALS Idiopathic Peripheral Neuropathy and Neurodegenerative Disease

Empiric Therapy of Multiple Sclerosis with Amoxicillin, Tetracycline and Bactrim for Clinical Stabilization and disappearance of Chlamydia by PCR

Use of Reflectance Confocal Microscopy to assess neuronal degeneration in early neuropathy. Comparison with Fish analysis of early autonomic nerve loss at the eccrine coil

ALS and MS; *in vivo* activity of Retroviral Transcription Inhibitors measure by reduction of serum viral copies of RNA protease

## **BUSINESS:**

Transworld Transmitting NYS licensed money transfer to West Africa

Biotech Consultant GL Group

Due diligence for private investors including areolar ductoscope, novel anticancer immunostimulants, EOS/Melafind
